PROCRASTINATION.

PROURASTINATIUN.

The spirit of this enemy to human health and happiness, has reduced many an individual to poverty, distress, anguish, and death. Like Felix, deferring an all-important point to "a more convenient season," many lose the opening opportunities of serving themselves and others. Procrastination in business matters, produces the same spirit in cases of health, and many a person adopts every excise for the neglect of the one, and the omission of the other. In ones of incipient consumption, every article is obtained to afford speedy relief—bleeding and blistering are resorted to—and the patient is tortured by operations and drugs. 'Why,' says a risitor, 'do you not try Pease's Horehound Candy!' The answer is—I will, if I am not better in a few days—I will consult my physician.' This is done, and the says, 'I abbor quack medicines.' The patient knowing its harmless effects, sends for a package, takes it unknown to the physichua recovers, little suspecting that it was done by one package of Pease's Horehound Candy, from 45 Division street.

PEASE'S CANDY.

Horehound Candy, from 45 Division street.

PEASE'S CANDY.

I had my family all afflicted with the croup, and every medical attendant despaired of the relief of my younger children more depetially. We were warmly recommended your estimable Horshound Candy—said the result was a rapid as it was efficacions. The family now enjoy their usual health, and the medical attendants have seknowledged its powerful efficacy upon the youngest as well as the oldest. Signed,

EXTRACT OF A LETTER. Received from the Island of St. Vincent, West Indies.

LANGUAGE, dear sie, can but feebly express the deep excitement which is produced in the whole extent of the island by the recent importation of a very palatable medicamentum from the city of New York, N. A. called Pease & Son's Clarified Essence of Hore bound Candy. This is indeed a rara axis of in kind, and most effectual, as it cured the President's lady of a most distressing chronic cough of several years standing, in the most incredibly short space of four hours. I have also tested its virtues in my own complaint, palpatis cordis, and after having used three packages of this admirable compound, I feel now entirely free from my old friend. Really, Mr Pease is worthy to be accounted the Howard of America. Yours faithfully. DANIEL CREIGHTON.

Intellectual developement and Personal Beauty considered

Intellectual decelopement and Personal Beauty considered in connection with Dr. Felix Gouraud's Depilatory POWDERS.

THE Sculptor, whose study is to imitate the exquisite workmanship of nature, portrays in his model of the human form, a broad and elevated forehead. This developement is not only consonant with, but sometimes necessary to the possession of a high order of mental faculty. If a fine forehead is a mark of intellect, it is no less an essential element of personal beauty; and it is ofimportune to those, and there are many such, possessed of this prominent feature, though obscured by the encroachments of a too luxurious growth of him, to remove that portion of an excresence which tends, in their case, only to deform. This can be done safely, speedily, effectually, and if used in accordance with directions, without the least inconvenience, by Dr. Felix Gouraud's Depilatory Powders. The furze of the lip, whon annoying, or the short hair on the back of a lady's neck, when too apparent—the hair of a mole, or the beard, when high upon the cheek, may all be removed, and eventually the rosts destroyed, by the use of this preparation.

PECTORAL HONEY OF LIVERWORT.

FOR Coughs, Colds, Asthma, Whooping Cough, Shortness of Breath and all Affections of the Heart and Lungs, leading to CONSUMPTION. Reader, you have tried many medicines for your cold. Have you had a bottle of NOWILL'S PECTORAL HONEY OF LIVER-WORT! Try it. It is assuredly the best medicine ever offered to the public. The testimonials tendered and the high culogiums given this last winter from those who have taken it, attest at once its superior virtue. It is from this cause that we are induced to make it as popular as possible, though it has increasingly received the public apprebation amounting to about fifty thousand bottles per annum. No puff or advertisement has done this to hoax on the sufferer a watery colored solution, and inefficacious medicine, thereby hastening a disease to its fatal termination—the puff alone sustaining the hope of the patient, until hopes are gone.

The preparation of the Honey of Liverwort is solely composed of regetable ingredients simple in their nature, but in combination me only calculated to remove the immediate disease, but to invigorate it system generally. No medicine ever offered to the public can be said to have restored to health so great a number of persons in consumptive complaints as Nowill's Pectoral Honey of Liverwort. It should be kept in all families, to administer upon the first symptom of colde it cough, as inattention and neglect are the causes of numbers losing their lives, especially in consumptive cases.

This medicine, offered to the public at the low grice of Two Shilkings, is accessible to all. For sale at the principal Depot, 64 Madison street, corner of Catherine. Retailed by most of the principal Druggists in the city, and one in every principal city throughout the United States.
